

**GOODWOOD TRACK DAYS
DRIVERS INFORMATION**

BASIC TRACK DAY VEHICLE PREPARATION GUIDE

Goodwood Track Days have been developed for you to explore your own and your cars ability on a track within a safe, controlled environment. Instruction will be on hand for you to improve your skills, getting the best from yourself and the car. Your car will be subjected to higher stresses than would usually be encountered on the road. Because of this, we have put together this basic guide to aid you with your preparation for and enjoyment of the day.

Brakes

Pads should be checked to ensure that there is at least 1/3 of the original thickness left on the pad face. Discs should also be checked for cracks or warping and to make sure that they are not too thin.

Tyres

Sidewalls should be checked to ensure that there are no worn patches or bulges. Pressures should also be checked against the manufacturer recommendations.

Lights

All forward facing lights should be taped-up to avoid glass falling on the track if a stone cracks them. Electrical insulating tape is ideal for this, as it is easily removed.

Towing eyes / hooks

If your car has a removable towing eye or hook, please ensure this has been fitted prior to your arrival at the circuit.

Vehicle contents

You should make sure that you cars' interior and luggage space is clear of all unnecessary and loose items to avoid them moving around in the car during your time on the track.

Fuel

Expect your usual fuel consumption to reduce by at least 50%. Ensure that your car has a good amount of fuel upon arrival to the circuit. There are Petrol Stations within close proximity but leaving your session half way through will result in you losing your place in the queue and reduced track time. Please do not 'brim' the tanks prior to arrival, fuel may be spilt onto the circuit during the fast long corners resulting in your car being black flagged.

Lubricant / Coolant levels

Ensure all Lubricant (such as Engine and Gearbox) and Coolant levels are checked prior to arriving at the circuit. If your car uses oil at any rate, it is a good idea to bring a small quantity for topping up throughout the day.

Clothing

Flame retardant suits are not necessary but arms and legs must be covered at all times. Therefore, shorts or short sleeved shirts are not acceptable.

Please note, the guidelines above are intended as basic preparations for you and your car. They should not be considered as definitive track driving rules. These will be covered during the drivers briefing on the day which all participants must attend. If you are unsure of any of the points mentioned above, please consult a specialised dealer or mechanic for further information.

GENERAL SITE INFORMATION

Opening Hours

Goodwood Motor Circuit is open to the public daily as follows:

Mon – Sat: 08:15hrs – 19:00hrs
(17:00hrs in winter)

Sun: 09:00hrs – 16:00hrs

Opening at other times for specific events and circuit usage can be arranged in advance by agreement with the Motor Circuit Administration Office. The main gates to the circuit are locked outside opening hours.

Participating vehicles may use the circuit for vehicular activity only within the following hours:

Jan – Feb: 09:00hrs – 12:00hrs 13:00hrs – 16:00hrs

Mar – Oct: 09:00hrs – 12:30hrs 13:30hrs – 17:00hrs

Nov – Dec: 09:00hrs – 12:00hrs 13:00hrs – 16:00hrs

Competition engines should not be run in the paddock area outside the circuit's opening hours.

Booking & Payment of Accounts

Potential hirers must return completed booking forms, together with the appropriate (non-refundable) deposit before a booking can be confirmed, and supply to every guest a copy of the General Site Information and Track Driving Rules.

Events cancelled within one calendar month of the booked date will incur full charge.

The balance of the booking fee must be paid in full prior to commencement of activities to Goodwood Road Racing Company Ltd unless prior arrangements have been made with the management.

Regulations

- a) Sprint meetings must be held under MSA Regulations (subject to local noise limits) and only by affiliated clubs.
- b) It is mandatory for participants using or intending to use a mechanical or electrically powered vehicle on the circuit to observe and comply with the Track Driving Rules.
- c) Children must be kept under strict control and animals are not permitted on-site.

N.B. It is the responsibility of the hirer and not Goodwood to ensure that conditions b) and c) are adhered to.

GENERAL SITE REGULATIONS

Speed limit

A speed limit of 15mph applies to all service roads and paddock areas on the site.

Access to perimeter road

No vehicles (except Goodwood vehicles) may pass beyond the finger barriers to the circuit's perimeter road (at the Vitra Café and the Supershell Building) without permission from the Duty Track Steward.

Carrying passengers

In accordance with the Road Traffic Act, all passengers must be carried in properly fitted vehicle seats. It is not acceptable for passengers to stand or sit in non-passenger areas of vans, station wagons, trucks, mules, quad bikes, trailers or other similar vehicles. It is the responsibility of the driver to ensure that all passengers are carried safely, and failure to comply with the above could invalidate that vehicle's insurance in the event of an accident or prosecution. When in a public place, any driver who allows his/her vehicle to carry passengers in this way is liable to police prosecution, including a fine and penalty points on his/her driving licence.

Helmets

Where a helmet is required to be worn as part of the vehicle's normal operation (e.g. on a motorcycle, quad bike or go-kart), then a suitable helmet should be worn whenever such a vehicle is being operated at Goodwood Motor Circuit.

Parking policy

Visitors to Goodwood Motor Circuit are permitted to park non-participating vehicles at the discretion of the marshals in any area of the site, with the following exceptions:

- The Parc Ferme area, including the tarmac area between the Scrutineering Bay door and the Refuelling Area
- The vehicular tunnel
- The Tow Road area (the main access road to the Flying School)
- Any area of grassland

Parking of competitor support vehicles should be confined to the main paddock area wherever possible, with large vehicles and trailers favouring the Flying School end. On particularly busy days (such as MSA Sprints), supplementary parking is available in the Aircraft Maintenance car park near the infield end of the vehicular tunnel and the tarmac area (known as the Chicane Paddock) immediately on the right as you enter the main vehicular entrance.

Safe spectating policy

Goodwood's recommended spectating areas are as follows:

- The top part of the pitlane canopy
- The grassland area at the Richmond Lawn
- The Wheelchair Viewing Area (on the outfield, opposite the pitlane)
- Any grass banking on the circuit outfield

Spectating is forbidden in the following areas:

- The pitlane
- The top of the Mithril/Race Control building (except during the Goodwood Revival)
- While sitting/standing on any wall or fence (including the Wheelchair Viewing Area)

Smoking policy

Goodwood Motor Circuit operates a No Smoking policy in the following areas:

- Pitlane and pits canopy
- Refuelling area
- Noise testing area
- In any vehicle driving on the circuit
- In any Goodwood building (including the toilet blocks)
- In any Goodwood-owned vehicle

There is a designated smoking area outside the scrutineering bay sliding door, adjacent to the paddock. A sand bucket is provided for spent cigarettes. Please refrain from littering.

On-site refuelling policy

On-site refuelling may only be carried out in a dedicated area. This is normally adjacent to the toilet block to the North of the paddock. There is no fuel for sale on-site – the nearest filling station is at Sainsbury's supermarket; 1 mile to the south of the circuit. If you plan to buy fuel locally, please note that, in accordance with conditions set down by West Sussex Trading Standards, an individual may only purchase 1x20-litre jerry can with 1x5-litre BS-approved plastic can, else 2x5-litre BS-approved plastic cans from a petrol station.

Animals policy

No animals (except guide dogs) are allowed onto the site at any time when vehicles are active on the circuit. All animals on the site at any other time must be kept on a leash.

On-site camping policy

For security reasons, no camping, caravanning or overnight accommodation in a motorhome is permitted at the motor circuit or airfield. The nearest public camp site is Southern Leisure Lakeside Holiday Village (Tel: 01243 787715)

Photography and advertising policy

Goodwood Road Racing Company Ltd holds the sole commercial photographic and filming rights for the motor circuit and airfield and no such activities are permitted unless previously approved by the Company.

Still and motion photography is permitted only for the purpose of providing memorabilia of the event taking place. The organiser shall ensure that any photographer in attendance (unless directly licensed by Goodwood) has signed the Goodwood Indemnity (see Part 6). Any invitee wishing to take photographs for commercial purposes (including sale to Participants) must seek consent from Goodwood and sign Goodwood's photography consent form.

Advertising to the public is not permitted. The use of 'Goodwood' must not be included in any event title, although the event may be given a name including 'at Goodwood' used as a suffix.

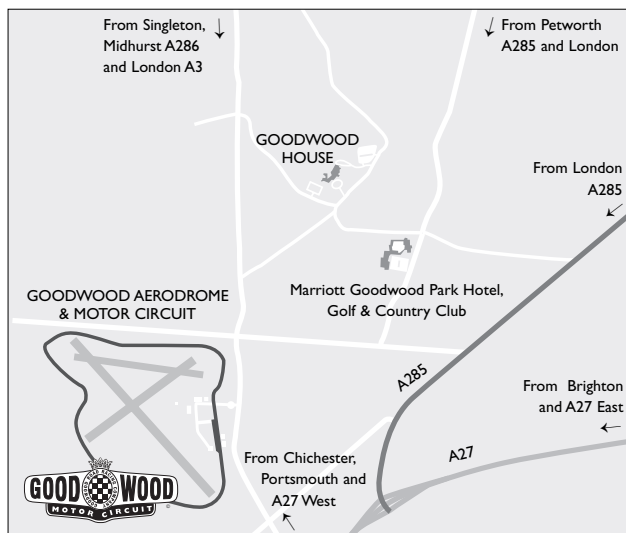

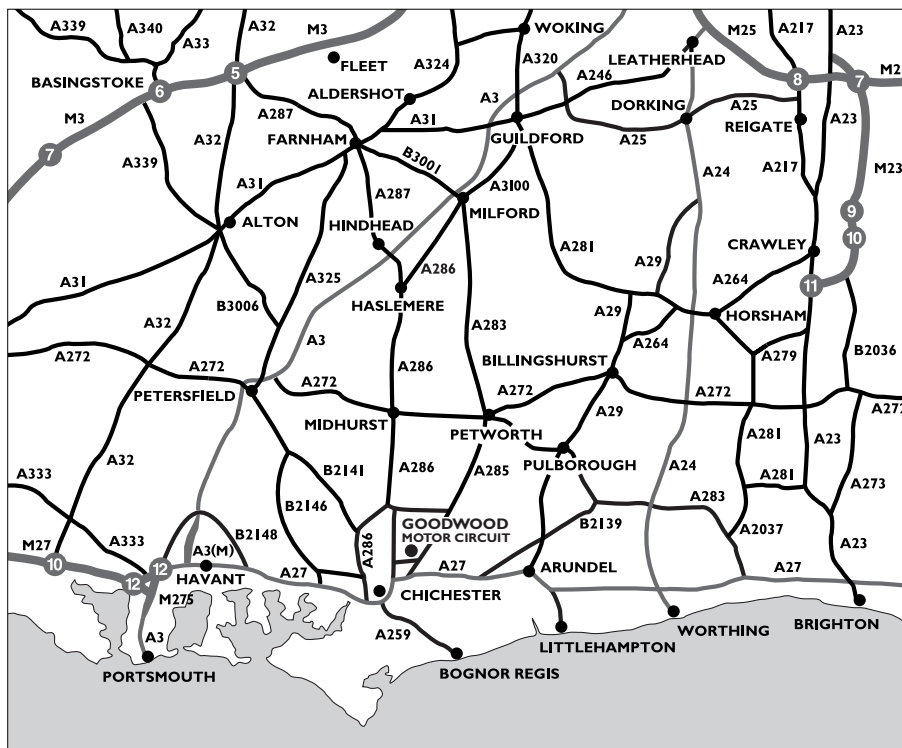

WARNING – motor sport can be dangerous. Despite Goodwood Motor Circuit taking all reasonable precautions, unavoidable accidents can happen. In respect of these, all visitors to the site are present at their own risk.

Signage to this effect shall be displayed in accordance with the MSA Competitors' Yearbook, section B18.

GETTING TO GOODWOOD

Goodwood is situated just outside Chichester, only 60 miles from London, 30 miles from Brighton and Southampton. From M25, leave at junction 10. Take A3 to Milford and then A286 via Haslemere and Midhurst. From Petworth take the A285 towards Chichester. From Southampton, Portsmouth, Worthing, Brighton and Bognor Regis take

the A27 towards Chichester and follow brown tourist signs to Goodwood. From Pulborough and Horsham take A29 to meet A27 then as from Brighton. From Petersfield follow A3 to meet A27 then as from Portsmouth.
